

TA200 WELDING

WELDING - INDUSTRIAL - AEROSPACE

PRODUCT DESCRIPTION

The TA-200 for welding is a sit-stand ergonomic stool that reduces muscular fatigue for long hours of standing work. It has a large seat, which is very comfortable and comes with a fireproof material in suede. It allows for better stability and security in welding environment.

“ This sit/stand chair allows for a dynamic sitting posture enabling easy movement of the upper limbs and torso. Unlike a standard chair or stool on which weight is mainly distributed on the buttocks and intervertebral discs, the seat of the TA200 tilts to maintain an optimal spinal position. ”

ENVIRONMENTS & BENEFITS

- ✓ Welding
- ✓ Aerospace
- ✓ Industrial / Mining
- ✓ Transport
- ✓ Manufacturer / Production
- ✓ Alleviates lower limb and back muscle fatigue
- ✓ Allows rest periods during tasks requiring prolonged standing
- ✓ Favors optimal pelvic tilting for reduced compression in the spinal and lumbar regions
- ✓ Fire-resistant material designed for welding

WARRANTY POLICY

LIMITED LIFETIME GUARANTEE – ERGONOMIC PRODUCTS: Synetik design guarantees all their products against manufacturing defaults for a full ten (10) years following the date of purchase. The frames of the stools, the pneumatic cylinder and all fixed features of the stool are guaranteed for life. Any moving mechanical parts are covered for ten (10) years. This guarantee does not apply to products needing replacement due to normal wear and tear, due to negligence, obvious abuse, or any damage caused in transport or any use of the product not in conformity with the included instructions and hazard warnings. Synetik design offers no other guarantee against wear other than the applications indicated within this document. Synetik design will not be held responsible at any time for any damages received, interests accrued, direct or indirect losses, incidental or consequential losses, repeated losses or damages. This guarantee applies only to regular use, meaning a standard eight (8) hour work day, and for use by an individual with a maximum weight of 350lbs.
